THE WHITE HOUSE GLAD CO. 1950 RETAIL PRICE LIST

Following is a list of some of the best exhibition and cut-flower varieties on the market. By obeying a few simple rules you can very easily win prizes the next time you exhibit.

In the first place, you should treat your Gladiolas as you would any ordinary vegetable in your garden. Do not plant too close to a lawn, hedge or buildings. Water once a week but no more. Go easy on the fertilizer, especially that with high nitrogen content. Bone meal and superphosphate are excellent as a side dressing.

All bulbs are #1 or larger. A number one bulb is at least one and one fourth inches in DIAMETER. Vigorous high-crowned bulbs, State inspected and passed.

Due to cost of packaging and handling, no order will be accepted for less than \$3.00. We prepay the postage. Wholesale list on request.

All bulbs offered are subject to prior sale. Please advise when ordering if we may substitute similar varieties if sold out.

Washington residents must include 3% of gross order to cover sales tax.

Visitors are always welcome to visit the growing fields. Would advise bringing your camera.

Complete cultural instructions furnished on request. Call on us to help you solve any problems that may arise.

Yours very truly
